## INTRODUCTION

### Inventory of Government Human Resources (IGHR)

As the central human resource agency, it is CSC's primordial responsibility to maintain an accurate and updated database and information not only on the number of officials and employees working in the Philippine government but also their demographics and other statistical data.

Since it is incumbent on the part of the Commission to ensure accuracy and timeliness of the statistical data/inventory of government human resources, the CSC developed the Inventory of Government Human Resources System (IGHRS). The system centralizes and facilitates collection of data from all the government agencies nationwide. Each of the agencies, through its Human Resource Management Officer (HRMO) has a user account which they can use to submit their respective data online. With the IGHRS, the CSC Central Office and Regional/Field Offices were able to monitor and follow-up real-time compliance of agencies.

IGHRS was implemented on November 2015 which started with the HRMO's IGHR account enrollment/online registration. The IGHR-registered agency HRMOs started encoding their HR inventories on December 2015 until March 2016. After the initial report on the IGHR data gathered as of March 30, 2016, the IGHRS was reopened to come up with an updated inventory of the government human resources. The first Inventory of Government Human Resources (IGHR) report was generated on 1<sup>st</sup> Semester of 2016. The next IGHR report was as of August 31, 2017. Then, followed by the recent IGHR updating, with December 31, 2017 as the cut-off date. The conduct of the IGHR updating started as soon as the OM No. 07 was released on February 22, 2018, which informed all CSC regional offices that said conduct will end until April 15, 2018. However, on April 15, 2017, only 72.8% of the IGHR-registered agencies had complied with the IGHR updating. Since it is imperative that the CSC obtains 100% IGHR data/information as this will guide our legislators in crafting laws for our country, as well as agencies, in formulating HR policies particularly on recruitment, selection and placement, learning and development, among others, the commission extended the submission of 2017 IGHR, JO/COS/MOA data and Plantilla data until June 30, 2018, per OM No. 34, s. 2018.

Below shows the comparative IGHR reports, by classification of positions and by geographical distribution, starting from the 1<sup>st</sup> semester of 2016 until the recent report, with December 31, 2017 cut-off date:
